School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Flora Vista Elementary School, recognized four times as a California Distinguished School by the California Department of Education, is one of nine award-winning elementary schools located in the Encinitas Union School District. Our school's emphasis on Leadership in Civics & Science prepares students to be successful and contributing members of the rapidly evolving world in which they live. We were one of two California elementary schools to be honored with the 2017 Civic Learning Award of Distinction, and were a recipient of the CA Golden Bell Award for our preschool learning program. At Flora Vista, we strive to incorporate a DREAMS model of education throughout students' experience at Flora Vista, in which the process skills of Design Thinking & Research drive the teaching & learning that connects the content areas (Engineering, Arts, Math, and Science in particular). Technology is used by all students in that process, as they access and produce content in a 1:1 iPad environment. Our students have the opportunity to learn in environments ranging from our school garden to our EUSD Farm Lab satellite campus, all supported by an energetic and passionate staff. To support the development of the whole child, students participate in yoga and health & wellness lessons, and consultants provide supplemental instruction in the arts, science, and physical education.

Our school is nestled in the heart of the beautiful and family-friendly Village Park area, serving approximately 450 students in kindergarten through sixth grade. Due in large part to our very active, supportive, and fun PTA, Flora Vista has the feel of a true neighborhood school. Our community actively supports Walk and Bike to School Days, and the concept of "Safe Routes to School" for pedestrians and bicycle riders.

School Facility Conditions and Planned Improvements (Most Recent Year)

Flora Vista Elementary School provides a safe, clean environment for students, staff, and volunteers. The school facilities were built in 1979 and currently include the library, multipurpose room, staff lounge, 22 permanent classrooms, three portable classrooms, a preschool building with three classrooms, and three playgrounds. During the 2005-06 school year, the office was modernized. The intercom system was updated during 2006-17. The media center was remodeled during the 2010-11 school year.

District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. District maintenance has indicated that 100% of all toilets on school grounds are in working order.

All schools within the Encinitas Union School District are in the process of receiving various site upgrades based on the Capital Facilities and Technology Plan submitted as a component of Proposition P that was passed by the voters in November 2010.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Mathematics (grades 3-8 and 11)	83	82	72	73	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

School Safety Plan (School Year 2017-18)

Safety of students and staff is a primary concern of Flora Vista Elementary School. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Drills (lock down, drop cover and hold, fire, evacuation) are conducted on a monthly basis throughout the school year. Earthquake and disaster drills are held once each year. Monitoring of school grounds is performed by the Custodian, Noon Supervisors, and other assigned staff before, during, and after school. All visitors must sign in at the office, obtain a visitor's pass, and sign out upon leaving. Gates are secured throughout the school day. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

The Comprehensive Safety Plan was developed by the school in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive Safety Plan include the following: child-abuse reporting procedures; teacher notification of dangerous-pupil procedures; disaster-response procedures; procedures for safe ingress and egress from school; sexual harassment policy; and dress-code policy

Flora Vista Elementary School reviews the plan annually and updates it throughout the year. The plan is reviewed with school staff on an annual basis. Safety meetings are held four times per year at the District and the school sites. A public version of the Safety Plan is available to the public at the school office.
