School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Paul Ecke Central Elementary School is located in the western section of the City of Encinitas and serves approximately 650 students. Teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. The school has developed educational programs designed to provide the skills and tools necessary for students to explore their creativity while developing a strong educational base.

Learning is facilitated through meaning-centered instructional strategies which utilize critical thinking, cooperation, and communication. Students develop self-respect, acceptance and appreciation for others in our diverse community. Paul Ecke Central School is committed to instilling a rich foundation of life-long learning, where character, creativity and risk-taking are taught, encouraged and valued. Students will become productive citizens skilled to meet the challenge of an ever-changing world. We offer a dual language strand where we provide literacy and content instruction in two languages (Spanish/ English) and integrate native English speakers with native Spanish speakers with the goal of bilingual and bi-literate students.

Our mission is to prepare our children to be successful, contributing members of school, work and society. Working as a nurturing team of staff, parents and community members, we provide challenging bi-cultural and bilingual learning experiences. Our students are the focus of all site-based decisions. This strategy helps us educate children to become effective communicators, collaborative team members, constructive thinkers and problem solvers, self-directed learners, quality producers, and responsible members of society.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	64.0	63.0	76.0	75.0	48.0	50.0
Mathematics (grades 3-8 and 11)	60.0	57.0	73.0	71.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

School Safety Plan (School Year 2018-19)

Safety of the students and staff is a primary concern of Paul Ecke Central Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials state rules and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire drills are conducted on a monthly basis throughout the school year. Earthquake and lockdown drills are practiced on a regular basis. Monitoring of school grounds is performed by assigned staff members before, during and after school. All visitors must sign in at the office before entering school grounds, obtain a visitor's pass, and sign out upon leaving.

The Comprehensive Safety Plan was developed by the school in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment.

Components of the Comprehensive Safety Plan include child-abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, a sexual harassment policy, and a dress code policy. We review the plan annually and update it as needed. The plan was last updated in October 2018 and is reviewed with school staff at the beginning of each school year. A copy of the Safety Plan is available to the public at the school office.
