

**The EUSD Notice of Intent to Return Form
In the Home Connection Portal on March 1, 2019**

One of the most important pieces of information for the district to have when planning for the upcoming school year is the number of children that will be enrolled in our schools. It is important for the district to have the predicted enrollment number as accurate as possible since this information affects every decision we make. Therefore, we will be asking each family to let the district know if their child(ren) will be returning for the 2019-2020 school year.

We are requiring parents to verify their residency by submitting two items from the list below:

- Rental/lease agreement with parent/guardian and property owner or agent's name and contact telephone number (subject to physical verification)
- Payroll check stub with name and address within the last 30 days
- Bank statement with name and address within the last 30 days
- Home utility (SDG&E, water, sewer or trash) bill within last 30 days
- Cable TV or "land line" telephone bill from within last 30 days
- Social Services Documentation within the last 30 days

If you are not able to provide any of the documents above please contact your school front office.
