Dear Families,

It has been an exciting and smooth beginning to our school year over the last few weeks, it has been an honor to see the EUSD community come together to create schools that are welcoming and inclusive. Getting to know each child as an individual with unique strengths and needs is key in providing the most supportive and enriching program possible.

As we continue into the school year, I challenge you to learn more about your child's school and teacher. Our focus on social and personalized learning needs to be realized through collaboration and support. We are working hard to make sure we provide the best possible learning environment for every student.

In December, I have scheduled informal sit-down visits at all 9 sites that are open to all staff members. The intention is to connect and hear what has been working so far this year in terms of district support and to also hear the needs sites are experiencing. I look forward to hearing from you.

With gratitude,
Andréa Grey
LCAP

Parents are invited to attend their site session to share feedback on our LCAP goals and ideas for the future. Ed Services and Principals will facilitate each session.
