- 8.1.6 Members of the unit absent five (5) or more consecutive days may be required to submit a physician's statement or that of a person authorized by any well-recognized church or denomination to treat people, stating the reason for absence. The District need not assume that a unit member's statement establishes disability conclusively, but may require an examination by a physician selected by the District or a practitioner of the unit member's faith selected by the District. The cost of such examination shall be borne by the District.

- 8.1.7 A sick leave absence shall commence when the member of the unit or agent of the member of the unit calls in to report the absence. - 8.2.3 A unit member absent from duties as a result of an industrial accident or illness shall be paid such portion of the salary due to them for any month in which the absence occurs that when added to their temporary disability will result in a payment to them of not more than their full salary. The District shall issue the unit members' salary and shall deduct normal retirement and other authorized contributions.
- 8.2.4 Upon retirement of the industrial accident or illness leave, a unit member shall be entitled to the sick leave benefits provided and for the purpose of this section their absence shall be deemed to have commenced on that date of termination of the industrial accident leave. Provided the unit member continues to receive temporary disability indemnity, they are entitled to take only as much of they accumulated sick leave, which when added to their temporary disability indemnity, will result in payment to them of not more than their full salary.
